INTRODUCTION

At Bay View Middle School we offer educational experiences and other co-curricular student activities which enable each student to grow in knowledge and skills useful for a lifetime of learning and activity.

The middle school years are key years to explore. Students begin to make choices and learn what their strengths and weaknesses are and what they do and do not enjoy. Therefore, we encourage every student in our school to participate in at least one activity outside the regular school experience. We offer many academic, athletic, and artistic activities for our students. There’s at least something for everyone and usually a few things for most.

We encourage you to review this Activities Handbook to become familiar with the activities, policies, and other information related to our co-curricular activities program. We are confident these opportunities will make your Middle School years even more rewarding.

BAY VIEW MIDDLE SCHOOL
STUDENT CO-CURRICULAR ACTIVITIES CODE

MISSION
Co-curricular activities at Bay View Middle School exist so students have the opportunity to learn new skills and to try various types of activities during the maturing and growing process which goes on during the middle school years. Participants are provided instructions and encouragement so they may learn the basic skills and improve upon existing skills under qualified direction. All students who practice regularly and put forth effort can expect to participate in the competition or performance.

PRINCIPLES OF CO-CURRICULAR ACTIVITIES
● Allow all students to participate in each activity of their choice.
● Teach participants the basic skills of each activity and improve on their existing skills.
● Provide students a guided activity in which to utilize their abundance of energy.
● Teach participants good sportsmanship.
● Help teach responsibility and a sense of commitment to a team.
● Participate in opportunities to develop friendships with teammates and opponents.
● Teach participants the rules of the game.
● Teach participants the good habits of health, nutrition, and safety.

PARTICIPATION / NO-CUT POLICY
Bay View Middle School believes that all students should be given the opportunity to participate in the co-curricular activities of their choice. We subscribe to the belief that as long as a student follows the rules and practices regularly, he/she will have the opportunity to participate in games and/or performances. Students are not cut from activities because of lack or skill. Some events may need to limit participation due to the number who sign up. Students may be withheld from practices, games, or performances if they are not meeting academic or behavioral expectations in school. Students who have behavioral offences or a quarterly Grade Point Average lower than 1.75 will lose the privilege to participate in any co-curricular activities during the next quarter.

NON-DISCRIMINATION POLICY
The Howard-Suamico Schools shall not discriminate in standards, rules of behavior or disciplinary measures, including suspension or expulsion from an activity on the basis of sex, race, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional or learning disability. Discrimination complaints shall be processed in accordance with established procedures.

**BAY VIEW MIDDLE SCHOOL STUDENT SPORTSMANSHIP PLEDGE**

1. I will participate because I want to, not just because my parents or coaches want me to.
2. I will play by the rules and in the spirit of the game.
3. I will control my temper since fighting and disrespect can spoil the activity for everyone.
4. I will respect my opponents.
5. I will do my best to try to be a true team player.
6. I will remember that winning isn’t everything. Having fun, improving my skills, making friends, and doing my best are most important.
7. I will acknowledge all good plays or performances by both my teammates and my opponents.
8. I will remember that coaches and officials are there to help me. I will accept their decisions, show them respect, and understand they have given their time to be with me.
PARTICIPATION EXPECTATIONS
The Howard-Suamico Schools consider participation in co-curricular activities to be a privilege. Proper student conduct in these activities, whether on school property or away from school, during the school year is expected and must coincide with the rules of the school.

1. A participant will be removed from the activity for the season if involved or is at a function with others involved in consumption, purchasing, possession of alcoholic beverages or being present at a party or event where there is underage drinking.

2. A participant will be removed from the activity for the season if involved in or is at a function with others involved in used, selling, purchasing, possession of illegal drugs or drug paraphernalia or being present at a party or event where there is use of such substances.

3. A participant will be removed from the activity for the season if involved in the use, purchase or possession of tobacco products.

4. Students whose grade point average is below 1.75 during a quarter will not be allowed to participate in a co-curricular activity during the following quarter. Participation of CARE (at-risk) or special education students will be directed by each student's IEP (Individual Education Plan). Students will check with their teachers at the mid-point for grade improvement to consider resuming participation.

5. Students must attend school for the entire day on the day of a competition. Students excused to attend medical or dental appointments, a funeral, etc, on the day of a competition will be allowed to participate.

6. Students with reoccurring discipline, attendance and/or academic problems may be removed from an activity at any time during a season.

Notes:
● Consequences for any of the above violations may be carried into the next season if violations occur after the midpoint of a season. Final decisions regarding carryover of violations will rest with the principal or designee.
● Students and parents agree to follow these expectations by signing the general Bay View parent/Student Support Agreement at the beginning of the school year.

CO-CURRICULAR PARTICIPATION BY DISTRICT YOUTH WHO DO NOT ATTEND BAY VIEW MIDDLE SCHOOL
Middle school students (grades 7 and 8) who are not currently enrolled at Bay View Middle School but whose parents live in the Howard-Suamico School District and attend an accredited academic institution will be allowed to participate in Bay View Middle School athletic activities.

Conditions:
Students who wish to participate in athletics at Bay View Middle School can only do so when the school in which the student is enrolled does not offer the sport in which the student wishes to participate.

Student participation may be denied when the student/coach ratio exceeds the desired proportionate limits and would require additional staff be hired to accommodate participation from non Bay View students.

Students must find their own transportation to Bay View Middle School for practice and games. Students participating in athletics will be provided transportation associated with off campus practice and/or games in which Bay View students are provided by the Howard-Suamico School District.

Students will follow the Bay View student co-curricular activity code and requirements outlined and listed in the Handbook.

ADDITIONAL REQUIREMENTS FOR ATHLETICS
In order to be a part of any athletic team at Bay View Middle School, the following forms and fees must be handed in at the sign up prior to your first practice:

● Athletic Sign-up Form
● Student Athletic Participation Form
● Emergency Form
● $20.00 Fee for the year (not each activity)

*In addition, the student must meet all the other participation expectations as outlined in the Bay View Student Activity Code and District Policy.
SPORTSMANSHIP!
IT'S EVERYONE'S RESPONSIBILITY!

PARENT'S ROLE IN COMMUNICATING WITH THEIR CHILD:

- Make sure your child knows that win or lose, scared or heroic, you love them, appreciate their efforts and are not disappointed in them. This will allow them to do their best without fear of failure. Be the person in their life they can look to for constant positive reinforcement.

- Try your best to be completely honest about your child's athletic ability, competitive attitude, sportsmanship, and actual skill level.

- Be helpful but don't coach them. It's tough not to, but it is a lot tougher for the child to be flooded with advice and critical instruction.

- Teach them to enjoy the thrill of competition, to be “out there trying,” to be working to improve skills and attitudes. Help them develop the feeling for competing, for trying hard, for having fun.

- Try not to relive your athletic life through your child in a way that creates pressure. You were frighten, backed off at times, and were not always heroic. Athletic children need their parents, so do not withdraw. There is thinking, feeling, sensitive, free spirit in that uniform who needs a lot of understanding, especially when their world turns bad. If they are comfortable with you, win or lose, then they on their way to maximum enjoyment.

- Don't compete with the coach. If your child is receiving mixed messages from two different authority figures, he or she will likely become disenchanted.

- Don't compare the skill, courage or attitude of your child with other members of the team.

- Get to know the coach (es). Then you can be assured that his or her philosophy, attitudes, ethics, and knowledge are such that you are happy to have your child under his or her leadership.

- Always remember that children tend to exaggerate, both when praised and when criticized. Temper your reaction and investigate before overreacting.

- Make a point of understanding courage and the fact that it is relative. Some of us climb mountains and are afraid to fly. Some of us will fly but turn to jelly if a bee approaches. Everyone is frightened in certain areas. Explain that courage is not the absence of fear, but a means of doing something in spite of fear and discomfort.
